PLAN DE REPÉRAGE

The site plan illustrates the layout of the Palm Jumeirah development, divided into four main zones:

- Zone A:** Located in the central-eastern part of the palm, outlined in pink. It contains sub-divisions A1, A2, A3, and A4.
- Zone B:** Located in the southern part of the palm, outlined in blue. It contains sub-divisions B1, B2, B3, and B4.
- Zone C:** Located in the western part of the palm, outlined in orange. It contains sub-divisions C1, C2, and C3.
- Zone D:** Located in the northern part of the palm, outlined in green. It contains sub-divisions D1, D2, and D3.

A legend in the top left corner defines the color coding for the zones:

- Zone A-A1, A2 (Pink)
- Zone B-B1, B2 (Blue)
- Zone C (Orange)
- Zone D-D1, D2, D3 (Green)

The plan also shows the coastline, internal roads, and building footprints. A north arrow is located in the bottom right corner. The labels 'Palmiers 1' and 'Palmiers 2' are positioned at the bottom right and bottom left of the plan, respectively. A black rectangular area is marked in Zone B, with a line pointing to it from the letter 'L'.
